

MICE Focus: Seattle

By Alastair Newport — On Sep 3, 2019

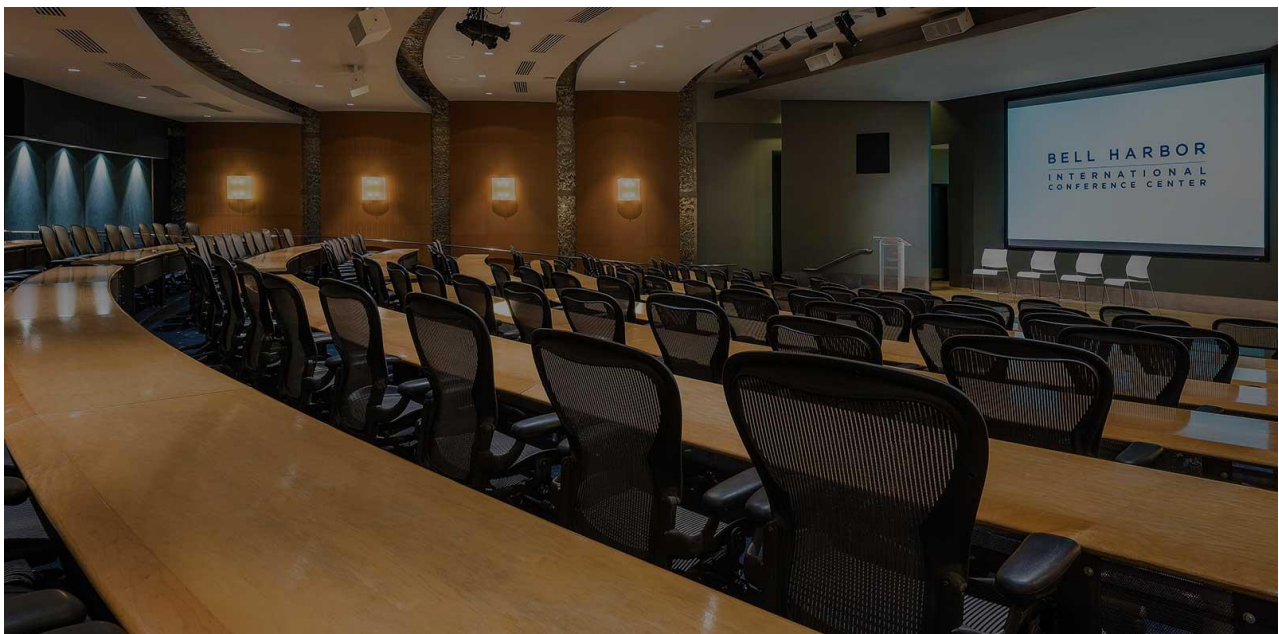

With the news that Singapore Airlines **added Seattle** to its network of non-stop services from Singapore to the US today, I thought now would now be a good time to put a spotlight on the city-port's thriving MICE industry but putting together a list of its top hotels and conference centres.

Bell Harbor International Conference Centre

Bell Harbor International Conference Centre is located on Pier 66 in the heart of Seattle's waterfront, with a capacity for up to 6,000 guests and dramatic views of downtown Seattle and Puget Sound, the seaside property is a real MICE hotspot, featuring 9290sqm of meeting space which can accommodate up to 200 trade show booths.

As an International Association of Conference Centres (IACC) certified conference centre in Washington State, Bell Harbour guarantees planners state-of-the-art technology, ergonomically designed chairs, and dedicated conference rooms – most with natural light and amazing waterfront views.

A highlight of the centre is the 300 seater Bay Auditorium. Designed as an amphitheatre, the auditorium offers a focused environment and professional ambience and includes the latest audiovisual equipment and lighting, Herman Miller executive chairs and surround sound.
